Hello Again,

Well I hope you have had a good summer break and have had the opportunity to take lots of images. In readiness for the oncoming Autumn/Winter season when all the Competitions/Exhibitions commence. Good luck to you all.

There is one thing I would like to mention and that is, if you are sending me an article for future newsletters, could you please send it as a pdf. If this is not possible then either send them as an attachment to an e-mail, or just as an article in word so that it can be scanned and made into a pdf. I hope you understand this, if not perhaps you could contact me.

Please Note: The MCPF maintain the right to copyright for all articles produced. Should any club wish to use any of the articles appearing in this newsletter, please contact either myself or their author for permission to use the same.

Deadline: Date for copy for inclusion in the February 2012 issue of the Newsletter should reach me no later than **Saturday 11th January 2012.**

Award-Winning Photographer, guide, lecturer and writer Paul Goldstein was described by the *Sunday Times* as *preposterously vivacious; a wildlife guide of almost psychotic gusto*'. He brings much of this arsenal to his lectures which are vibrant, outspoken, passionate and lavishly illustrated. Predators are his metier and he specialises in cheetahs, leopards, lions, polar bears, tigers and the smaller ones like arctic foxes and servals. He takes parties of photographers all over the world, including some from Lichfield and grafts tremendously hard to make sure they get the very best from their safari. He is part owner of the No1 rated Kicheche Camps in Kenya and probably considers this home far more than he does London.

Sit back and be entertained, you have been warned.

Midphot Audio Visual Competition

Saturday 28th January 2012 10:30am – 5:00pm
The Priory Centre, Burton on Trent

There is an increasing interest among photographers in making Audio Visual productions. The Midphot AV competition is one of only two regional AV competitions in the Midlands, allowing workers to compare the standard of their work with others in the area. It is also an opportunity for anyone with an interest in AV to see the best sequences that are being made locally.

This year the competition has moved venue from Leicester to Burton on Trent, but will continue in the same format as successfully developed over the years by Peter Brown and others.

The closing date for entry of sequences is Saturday 7th January 2012. Entrants may enter one or two sequences, each with a maximum running time of 12 minutes (though of course, many will be much shorter than that).

For full information and entry forms there is a website at:

www.wmid-av.org.uk/midphot/

If you want to be kept in touch with the competition, express an interest in entering or in coming to the event, email midphot@wmid-av.org.uk

Software for Digital slide competitions

Maurice Hammon has written a programme that can be used to manage club digital slide competitions. It is called **ClubShow** and is free to Camera Clubs.

Maurice has written a simple but comprehensive overview so potential users can review what it offers without first going through the install and test process.

Follow the link <http://issuu.com/mauricefh/docs>, and you will see all the docs there

Any problems or concerns please get in touch with maurice@mauricehammon.me.uk

No bugs have been reported for a considerable time now.
