9th March – 26th April
Cannock Photographic Society
'Through a Lens'

Cannock Photographic Society was formed in 1953 when it was known as Cannock Photographic and Cine Society. The society has run continually since then in various locations in the Cannock area.

On show will be an eclectic and exciting mix of photographs, demonstrating the different genres of photography and the skill and quality of photographers from the local area. The club welcomes prospective new members interested in photography, from beginners through to advanced standard and the club programme consists of illustrated talks on a wide variety of subjects such as travelogues, landscape and natural history and also competitions.
